- * Smart is believing half of what you hear; brilliant is knowing which half to believe.
- * One thing I can give and still keep is my word.
- * Those who beef too much often land in the stew.
- * Compromise is always wrong when it means sacrificing principle.
- * Most people say they are willing to meet each other halfway; trouble is most people are pretty poor judges of distance.
- * If you don't know where you are going, any road will get you there.
